

Our **FACTS Family Portal School Information System** gives you, the busy parent, an opportunity to get more involved in your child's academic progress and future success – all via the Internet! This is like a perpetual Progress Report, you can always know exactly how your child is doing and not be left wondering or surprised later.

**The FACTS Family Portal** is a private and secure website that has been set up for our school to allow you to see complete information specific to your child.
